

Renovations give updates to Little Lake Cemetery

Posted 1 day ago

The Little Lake Cemetery Company is nearing completion of its impressive new Visitation Centre at the Highland Park Cemetery on Bensfort Rd.

The memorial hall will feature seating for over 350, a living wall, reception rooms with outdoor patio area, visitation rooms and administration offices. The building should be open by the end of September and it's worth a drive by just to see it. There is a long list of local trades involved under the guidance of architect Ken Trevelyan and General Contractor John Kraetzer of Beavermead Construction.

While we're on the topic, the Peterborough Chamber of Commerce recently completed phase one of its renovation with four tenants moving in this week. The Driver and Vehicle Licensing service is still operating until the end of November at which time General Contractor Mike Whitfield will complete phase two, which will see six more offices added to the new Chamber Businesses Centre. For details on becoming a tenant visit the Chamber website at www.peterboroughchamber.ca

HUMMINGBIRD ACADEMY

Rachele Rolon's business is called The Hummingbird Academy, and she has just moved her studio from Stewart Hall, to a fabulous newly renovated space at 383 George St., which is just south of Hunter St. above Flavour.
